**EXPLANATION OF SYMBOLS, REFERENCE
MARKS, AND ABBREVIATIONS OF TECHNICAL
TERMS USED IN THIS TARIFF**

The following symbols shall be used in this tariff for the purpose indicated below:

- C To signify changed regulation.
- D To signify discontinued rate or regulation.
- I To signify increased rate.
- N To signify new rate or regulation.
- R To signify reduced rate.

APPLICATION OF TARIFF

This tariff sets forth the service offerings, rates, terms and conditions applicable to the furnishing of intrastate end-user telecommunications services by New Horizons Communications Corp., hereinafter referred to as the Company, to customers within the State of Michigan.

Issued under authority of Michigan Public Service Commission in Case No. U-15624 on December 4, 2008.

Issued: December 1, 2015

Effective: January 1, 2015

Issued by:

Stephen Gibbs, President
420 Bedford Street, Suite 250
Lexington, Massachusetts 02420

SECTION 1 - DEFINITIONS

Authorized User - A person, firm, corporation or other entity who is authorized by the Customer to be connected to the service of the Customer under the terms and regulations of this tariff.

Available Usage Balance - The amount of usage remaining on a Debit Account at any particular point in time. Each Debit Account begins with an initial usage amount which is depleted as services provided by the Company are utilized by the Customer.

Business Service - A switched network service that provides for dial station communications that is described as a business or commercial rate.

Business Customer - A Business Customer is a Customer who subscribes to the Company's Service(s) and whose primary use of the Service is of a business, professional, institutional, or otherwise occupational nature.

Company - Used throughout this tariff to refer to New Horizons Communications Corp., unless otherwise clearly indicated by the context.

Deposit - Refers to a cash or equivalent of cash security held as a guarantee for payment of the charges.

DID Trunk - A form of local switched access that provides the ability for an outside party to call an internal extension directly without the intervention of the Company operator.

Dial Pulse (or "DP") - The pulse type employed by rotary dial station sets.

Dual Tone Multi-Frequency (or "DTMF") - The pulse type employed by tone dial station sets.

End User - Any person, firm, corporation, partnership or other entity which uses the services of the Company under the provisions and regulations of this tariff. The End User is responsible for payment unless the charges for the services utilized are accepted and paid by another Customer.

Holidays - Holidays observed by the Company as specified in this tariff.

LATA - Means the local access and transport area as defined in *United States v American Telephone and Telegraph Co.*, 569 F.Supp. 990 (D.D.C. 1983).

Personal Account Code - A pre-defined series of numbers to be dialed by the Customer or Authorized User upon access to the Carrier's network which identifies the Debit Account from which charges for service shall be debited and which validates the caller's authorization to use the services provided.

SECTION 1 – DEFINITIONS (CONTINUED)

LEC - Local Exchange Company

Minimum Point of Presence ("MPOP") - The main telephone closet in the Customer's building.

Monthly Recurring Charges ("MRC") - The monthly charges to the Customer for services, facilities and equipment, which continue for the agreed upon duration of the service.

Multi-Frequency or ("MF") - An inter-machine pulse type used for signaling between telephone switches, or between telephone switches and PBX/key systems.

Non-Recurring Charge ("NRC") - The initial charge, usually assessed on a one-time basis, to initiate and establish service.

Other Telephone Company - An Exchange Telephone Company, other than the Company.

PBX - Private Branch Exchange

Premises - A building or buildings on contiguous property.

Recurring Charges - The monthly charges to the Customer for services, facilities and equipment which continue for the agreed upon duration of the service.

Renewal - A method of replenishing a Debit Account's Available Usage Balance with additional minutes of use as authorized and paid for by the Customer.

Service Commencement/Start Date - The first day following the date on which the Company notifies the Customer that the requested service is available for use, unless extended by the Customer's refusal to accept service which does not conform to standards set forth in the Service Order of this tariff, in which case the Service Commencement Date is the date of the Customer's acceptance. The Company and Customer may mutually agree on a substitute Service Commencement/Start Date.

Service Order - The written request for services executed by the Customer and the Company in the format devised by the Company. The signing of an Order by the Customer and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this tariff, but the duration of the service is calculated from the Service Commencement Date.

Switched Access - A method for reaching the Company through the local switched network whereby the End User uses standard business local lines.

SECTION 1 – DEFINITIONS (CONTINUED)

Telecommunications Company or Provider - Used throughout this tariff to mean New Horizons Communications Corp. unless clearly indicated otherwise by the text.

TBD – To Be Determined.

Two Way - A service attribute that includes outward dial capabilities for outbound calls and can also be used to carry inbound calls to a central point for further processing.

Usage Based Charges - Charges for minutes or messages traversing over local exchange facilities.

User or End User - A Customer, Joint User, or any other person authorized by a Customer to use service provider under this tariff.

SECTION 2 - REGULATIONS

2.1 Undertaking of the Company

2.1.1 Scope

The Company undertakes to furnish communications service pursuant to the terms of this tariff in connection with the provision of an access line and usage within a local calling area for the transmission of high quality, 2-way, interactive, switched-voice or data communications between points within the State of Michigan.

Customers and users may use services and facilities provided under this tariff to obtain access to services offered by other service providers. The Company is responsible under this tariff only for the services and facilities provided hereunder, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own customers.

2.1.2 Shortage of Equipment or Facilities

- (A) The Company reserves the right to limit or to allocate the use of existing facilities, or of additional facilities offered by the Company, when necessary because of lack of facilities, or due to some other cause beyond the Company's control.
- (B) The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities as well as facilities the Company may obtain from other carriers to furnish service from time to time as required at the sole discretion of the Company.

2.1.3 Terms and Conditions

- (A) Business Service is provided on the basis of a minimum period of at least ninety (90) days, 24-hours per day. For the purpose of computing charges in this tariff, a month is considered to have 30 days.
- (B) Business Customers may be required to enter into written service orders which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff. Additional fees for changes may apply to changes in the service order requested by the Customer after the initial service agreement is signed. Business Customers will also be required to execute any other documents as may be reasonably requested by the Company.

SECTION 2 – REGULATIONS (CONTINUED)

2.1 Undertaking of the Company, (Continued)

2.1.3 Terms and Conditions, (Continued)

- (C) At the expiration of the initial term specified in each Service Order, or in any extension thereof, service shall automatically renew for successive one (1) year periods at the then current rates unless terminated by either party upon 30 days' written notice. Following the expiration of any applicable minimum period, either party may terminate any service provided under a month-to-month service option with sixty (60) days' written notice. Any termination shall not relieve the Business Customer of its obligation to pay any charges incurred under the service order and this tariff prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the service order shall survive such termination. The Company reserves the right to modify pricing upon thirty (30) days' written notice to the Customer.
- (D) In the event the Customer terminates or discontinues any service prior to the expiration of the then current term, Customer agrees to pay the Company within ninety (90) days of termination:
 - (1) the monthly recurring charges and minimum monthly usage amount (if applicable) multiplied by the number of months remaining in the service term period; and any previously waived installation, monthly access charges and special promotional credits given, in one lump sum (collectively, the "Early Termination Fee").
- (E) Any termination of service will result in all phone numbers and IP addresses reverted to the Company. All Company property (including but not limited to routers, switches, equipment, facilities, and software) shall be returned to the Company. If the property is not returned in working order and received within thirty (30) days of the service termination date, the Company will bill the Customer for the broken and/or missing property, which the Customer will be obligated to pay in full.
- (F) Service may be terminated upon written notice to the Customer if:
 - (1) the Customer is using the service in violation of this tariff; or
 - (2) the Customer is using the service in violation of the law.
- (G) This tariff shall be interpreted and governed by the laws of the State of Michigan regardless of its choice of laws provision.
- (H) No other telecommunications provider may interfere with the right of any person or entity to obtain service directly from the Company. No person or entity shall be required to make any payment, incur any penalty, monetary or otherwise, or purchase any services in order to have the right to obtain service directly from the Company.

SECTION 2 – REGULATIONS (CONTINUED)

2.1 Undertaking of the Company, (Continued)

2.1.3 Terms and Conditions, (Continued)

- (I) To the extent that either the Company or any other telephone company exercises control over available cable pairs, conduit, duct space, raceways, or other facilities needed by the other to reach a person or entity, the party exercising such control shall make them available to the other on terms equivalent to those under which the Company makes similar facilities under its control available to its customers. At the reasonable request of either party, the Company and the other telephone company shall join the attempt to obtain from the owner of the property access for the other party to serve a person or entity.
- (J) The Company hereby reserves its rights to establish service packages specific to a particular Customer. These contracts may or may not be associated with volume and/or term discounts.

2.1.4 Liability of the Company

- (A) The Company will not be liable under any contract, tort, negligence, strict liability or other theory for an incidental, consequential, indirect, exemplary, punitive or special damages or any nature, or goodwill, or work stoppage, in each case whether or not such losses were foreseeable by such party. The Company's liability for any damages arising from errors, mistakes, omissions, interruptions or delays caused by it, its agents, employees or underlying carriers in the course of establishing, furnishing, rearranging, moving, terminating, maintaining, restoring or changing Service or facilities provided hereunder, or Company failure to perform any other duty arising out of this Tariff shall not exceed an amount equivalent to the actual proportionate charge for the service applicable to the period during which the service was affected. The Company shall not be liable for any consequential, indirect or special damages with respect to any claims regarding the services listed in this tariff.

SECTION 2 – REGULATIONS (CONTINUED)

2.1 Undertaking of the Company, (Continued)

2.1.4 Liability of the Company, (Continued)

- (B) The Company shall not be liable for any delay or failure of performance or equipment due to causes beyond its control, including but not limited to: acts of God, acts of civil or military authority, government regulations, embargoes, epidemics, war, terrorist acts, riots, insurrections, fires, explosions, earthquakes, nuclear accidents, floods, strikes, power blackouts, cable cuts, volcanic action, other major environmental disturbances, unusually severe weather conditions, inability to secure products or services of other persons or transportation facilities, or acts or omissions of transportation common carriers, any law, order, regulation, direction, action, or request of the United States Government or any state and local governments having or claiming jurisdiction over the Company, or of any department, agency, commission, bureau, corporation, or other instrumentality of any one or more of these federal, state, or local governments, unavailability of rights-of-way or materials; or strikes, lock-outs, work stoppages, or other labor difficulties when it does not involve the company's employees, or other causes beyond the Company's reasonable control. Under such circumstances, the Company shall not be responsible for providing services. Such services shall resume when service can reasonably be restored.
- (C) The Company shall not be liable for any act or omission of any entity furnishing to the Company or to the Company's Customers facilities or equipment used for or with the services the Company offers.
- (D) The Company shall not be liable for any damages or losses due to the fault or negligence of the Customer or due to the failure or malfunction of Customer-provided equipment or facilities.
- (E) Explosive Atmosphere. The Company does not guarantee nor make any warranty with respect to installations it provides for use in an explosive atmosphere. The Customer indemnifies and holds the Company harmless from any and all loss, claims, demands, suits, or other action, or any liability whatsoever, whether suffered, made, instituted, or asserted by any other party or person(s), and for any loss, damage, or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal presence, condition, location, or use of any installation so provided. The Company reserves the right to require each Business Customer to sign an agreement acknowledging acceptance of the provisions of this section 2.1.4(E) as a condition precedent to such installations.

SECTION 2 – REGULATIONS (CONTINUED)

2.1 Undertaking of the Company, (Continued)

2.1.4 Liability of the Company, (Continued)

- (F) The Company is not liable for any defacement of or damage to Customer premises resulting from the furnishing of services or equipment on such premises or the installation or removal thereof, unless such defacement or damage is caused by negligence or willful misconduct of the Company's agents or employees.
- (G) The Company shall be indemnified, defended and held harmless by the Customer against any claim, loss or damage arising from Customer's use of services, involving claims for libel, slander, invasion of privacy, or infringement of copyright arising from the Customer's own communications.
- (H) The Company not be liable for any other claim resulting from any act or omission of the Customer or patron(s) of the Customer relating to the use of the Company's services or facilities.
- (I) **THE COMPANY MAKES NO WARRANTIES OR REPRESENTATIONS, EXPRESS OR IMPLIED EITHER IN FACT OR BY OPERATION OF LAW, STATUTORY OR OTHERWISE, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE, EXCEPT THOSE EXPRESSLY SET FORTH HEREIN.**

SECTION 2 – REGULATIONS (CONTINUED)

2.1 Undertaking of the Company, (Continued)

2.1.5 Service-Affecting Activities

The Company will provide the Customer reasonable notification of service-affecting activities that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventative maintenance.

The Company will perform adequate scheduling so as to provide service to a customer at a mutually agreed upon time. On a monthly basis, 90% of the commitments to customers with respect to the date of installation of primary basic local exchange service shall be met. The Company will take corrective action if the rate of met commitments falls below 90% for 3 consecutive months. Customer-caused delay or customer-missed appointments will not be figured into the rate of met commitments.

Calls requesting local directory assistance shall be answered within 10 seconds. The Company will take corrective action if its average answer time per month for local directory assistance calls is more than 10 seconds for 3 consecutive months.

The Company will maintain service so that the average monthly rate of initial customer trouble reports in any wire center area is not more than 6 per 100 access lines per month, exclusive of all of the following: (a) reports concerning interexchange calls, (b) trouble found in equipment that is not the provider's, and (c) nonregulated customer premises equipment or inside wiring. For the purpose of administering this rule, each party line customer shall be considered to have 1 local access line. Multiple trouble reports that are attributable to a common cause or defect shall not be aggregated. Rather, a separate report shall be counted for each customer line reported in trouble. A provider shall take corrective action if a customer trouble report rate is more than 6 per 100 access lines per month in a wire center area for 3 consecutive months.

SECTION 2 – REGULATIONS (CONTINUED)

2.1 Undertaking of the Company, (Continued)

2.1.6 Provision of Equipment and Facilities

- (A) The Company shall use reasonable efforts to make available services to a Customer on or before a particular date, subject to the provisions of and compliance by the Customer with, the regulations contained in this tariff. The Company does not guarantee availability by any such date and shall not be liable for any delays in commencing service to any Customer.
- (B) The Company shall use reasonable efforts to maintain only the facilities and equipment that it furnishes to the Customer. The Customer may not, nor may the Customer permit others to, rearrange, disconnect, remove, and attempt to repair, or otherwise interfere with any of the facilities or equipment installed by the Company, except upon the written consent of the Company.
- (C) The Company may substitute, change or rearrange any equipment or facility at reasonable times, but shall not thereby alter the technical parameters of the service provided the Customer.
- (D) Equipment the Company provides or installs at the Customer Premises for use in connection with the services the Company offers shall not be used for any purpose other than that for which it was provided by the Company.
- (E) The Customer shall be responsible for the payment of service charges as set forth herein for visits by the Company's agents or employees to the Premises of the Customer when the service difficulty or trouble report results from the use of equipment or facilities provided by any party other than the Company, including but not limited to the Customer.
- (F) The Company shall not be responsible for the installation, operation, or maintenance of any Customer-provided communications equipment. Where such equipment is connected to the facilities furnished pursuant to this tariff, the responsibility of the Company shall be limited to the furnishing of facilities offered under this tariff and to the maintenance and operation of such facilities. Subject to this responsibility, the Company shall not be responsible for:
 - (1) the transmission of signals by Customer-provided equipment or for the quality of, or defects in, such transmission; or
 - (2) the reception of signals by Customer-provided equipment; or
 - (3) network control signaling where such signaling is performed by Customer-provided network control signaling equipment.

SECTION 2 – REGULATIONS (CONTINUED)

2.1 Undertaking of the Company, (Continued)

2.1.7 Non-Routine Installation

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

2.1.8 Special Construction

Subject to the agreement of the Company and to all of the regulations contained in this tariff, special construction of facilities may be undertaken on a reasonable efforts basis at the request of the Customer. Special construction is that construction undertaken:

- (A) where facilities are not presently available, and there is no other requirement for the facilities so constructed;
- (B) of a type other than that which the Company would normally utilize in the furnishing of its services;
- (C) over a route other than that which the Company would normally utilize in the furnishing of its services;
- (D) in a quantity greater than that which the Company would normally construct;
- (E) on an expedited basis;
- (F) on a temporary basis until permanent facilities are available;
- (G) involving abnormal costs; or
- (H) in advance of its normal construction.

2.1.9 Ownership of Facilities

Title to all facilities provided in accordance with this tariff remains in the Company, its partners, agents, contractors, or suppliers.

SECTION 2 – REGULATIONS (CONTINUED)

2.2 Prohibited Uses

- (A) The services the Company offers shall not be used for any unlawful purpose or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.
- (B) The Company may require business applicants for service who intend to use the Company's offerings for resale and/or for shared use to file a letter with the Company confirming that their use of the Company's offerings complies with relevant laws and Michigan Public Service Commission regulations, policies, orders, and decisions.
- (C) The Company may require a Customer to immediately shut down its transmission of signals if said transmission is causing interference to others.
- (D) A customer, joint user, or authorized user may not assign, or transfer in any manner, the service or any rights associated with the service without the written consent of the Company. The Company will permit a Customer to transfer its existing service to another entity if the existing Customer has paid all charges owed to the Company for regulated communications services. Such a transfer will be treated as a disconnection of existing service and installation of new service, and non-recurring installation charges as stated in this tariff will apply.

2.3 Obligations of the Customer

2.3.1 General

The Customer shall be responsible for:

- (A) the payment of all applicable charges pursuant to this tariff as agreed to in applicable Service Addendum(s), including incidental charges (such as charges associated with installation, expedites, moves, adds, changes, deletions and cancellations), equipment purchases, surcharges, and other charges as required by law. You will be liable for service charges upon the completion of installation for each specified service;
- (B) damage to or loss of the Company's facilities or equipment caused by the acts or omissions of the Customer; or the noncompliance by the Customer, with these regulations; or by fire or theft or other casualty on the Customer Premises, unless caused by the negligence or willful misconduct of the employees or agents of the Company;

SECTION 2 – REGULATIONS (CONTINUED)

2.3 Obligations of the Customer

2.3.1 General, (Continued)

The Customer shall be responsible for (Continued):

- (C) providing at no charge, as specified from time to time by the Company, any needed personnel, equipment space and power to operate Company facilities and equipment installed on the premises of the Customer, and the level of heating and air conditioning necessary to maintain the proper operating environment on such premises;
- (D) obtaining, maintaining, and otherwise having full responsibility for all rights-of-way and conduits necessary for installation of fiber optic cable and associated equipment used to provide Communication Services to the Customer from the cable building entrance or property line to the location of the equipment space described in 2.3.1(C). Any and all costs associated with obtaining and maintaining the rights-of-way described herein, including the costs of altering the structure to permit installation of the Company-provided facilities, shall be borne entirely by, or may be charged by the Company to, the Customer. The Company may require the Customer to demonstrate its compliance with this section prior to accepting an order for service;
- (E) providing a safe place to work and complying with all laws and regulations regarding the working conditions on the premises at which Company employees and agents shall be installing or maintaining the Company's facilities and equipment. The Customer may be required to install and maintain Company facilities and equipment within a hazardous area if, in the Company's opinion, injury or damage to the Company's employees or property might result from installation or maintenance by the Company. The Customer shall be responsible for identifying, monitoring, removing and disposing of any hazardous material (*e.g.*, friable asbestos) prior to any construction or installation work;
- (F) complying with all laws and regulations applicable to, and obtaining all consents, approvals, licenses and permits as may be required with respect to, the location of Company facilities and equipment in any Customer premises or the rights-of-way for which Customer is responsible under Section 2.3.1(D); and granting or obtaining permission for Company agents or employees to enter the premises of the Customer at any time for the purpose of installing, inspecting, maintaining, repairing, or upon termination of service as stated herein, removing the facilities or equipment of the Company;

SECTION 2 – REGULATIONS (CONTINUED)

2.3 Obligations of the Customer, (Continued)

2.3.1 General, (Continued)

- (G) not creating any liens or other encumbrances on the Company's equipment or facilities; and
- (H) provide reasonable access to premises, internal wiring, customer premises equipment, and other facilities and equipment to allow the Company to install, maintain and repair Customer's service(s), as reasonable and necessary. With respect to installation, Company reserves right to bill \$250.00 for each missed scheduled appointment date. Should the Company repeatedly be unable to access the premises for required installation and service, the Company reserves the right to cancel the service request. The Company is not responsible for any delays that impede the ability to use the installed service, including but not limited to delays requested by the Customer or caused by a third party or delays incurred as a result of problems connecting the installed service to you LAN, PBX or other customer premises equipment by the Customer or any third party. No allowances will be made such delays.

2.3.2 Claims

With respect to any service or facility provided by the Company, Customers shall indemnify, defend and hold harmless the Company from and against all claims, actions, damages, liabilities, costs and expenses, including reasonable attorneys' fees for:

- (A) any loss, destruction or damage to the property of the Company or any third party, or death or injury to persons, including, but not limited to, employees or invitees of either party, to the extent caused by or resulting from the negligent or intentional act or omission of the Customer, its employees, agents, representatives or invitees; or
- (B) any claim, loss, damage, expense or liability for infringement of any copyright, patent, trade secret, or any proprietary or intellectual property right of any third party, arising from any act or omission by the Customer, including, without limitation, use of the Company's services and facilities in a manner not contemplated by the agreement between the Customer and the Company.
- (C) The Customer shall not assert any claim against any other Customer or user of the Company's services for damages resulting in whole or in part from or arising in connection with the furnishing of service under this tariff including but not limited to mistakes, omissions, interruptions, delays, errors or other defects or misrepresentations, whether or not such other Customer or user contributed in any way to the occurrence of the damages, unless such damages were caused solely by the negligent to intentional act or omission of the other Customer or user and not by any act or omission of the Company. Nothing in this tariff is intended either to limit or to expand Customer's right to assert any claims against third parties for damages of any nature other than those described in the preceding sentence.

SECTION 2 – REGULATIONS (CONTINUED)

2.4 Customer Equipment and Channels - Business Customers

2.4.1 General

A User may transmit or receive information or signals via the facilities of the Company. The Company's services are designed primarily for the transmission of voice-grade or data telephonic signals, except as otherwise stated in this tariff. A User may transmit any form of signal that is compatible with the Company's equipment, but the Company does not guarantee that its services will be suitable for purposes other than voice-grade telephonic and data communication except as specifically stated in this tariff.

2.4.2 Station Equipment

- (A) Terminal equipment on the Business User's Premises and the electric power consumed by such equipment shall be provided by and maintained at the expense of the Business User. The Business User is responsible for the provision of wiring or cable to connect its terminal equipment to the Company Point of Connection.
- (B) The Business Customer is responsible for ensuring that Customer-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities. The magnitude and character of the voltages and currents impressed on Company-provided equipment and wiring by the connection, operation, or maintenance of such equipment and wiring shall be such as not to cause damage to the Company-provided equipment and wiring or injury to the Company's employees or to other persons. Any additional protective equipment required to prevent such damage or injury shall be provided by the Company at the Business Customer's expense.

SECTION 2 – REGULATIONS (CONTINUED)

2.4 Customer Equipment and Channels - Business Customers, (Continued)

2.4.3 Interconnection of Facilities

- (A) Local Traffic Exchange provides the ability for another local exchange provider to terminate local traffic on the Company's network. In order to qualify for Local Traffic Exchange the call must: (a) be originated by an end user of a company that is authorized by the Commission to provide local exchange service; (b) originate and terminate within a local calling area of the Company.
- (B) Any special interface equipment necessary to achieve compatibility between the facilities and equipment of the Company used for furnishing Communication Services and the channels, facilities, or equipment of others shall be provided at the Business Customer's expense.
- (C) Communication Services may be connected to the services or facilities of other communications carriers only when authorized by, and in accordance with, the terms and conditions of the tariffs of the other communications carriers that are applicable to such connections.
- (D) Facilities furnished under this tariff may be connected to Customer-provided terminal equipment in accordance with the provisions of this tariff. All such terminal equipment shall comply with all applicable federal and state legal and regulatory requirements; and all user-provided wiring shall be installed and maintained in compliance with all such legal and regulatory requirements.
- (E) Users may interconnect communications facilities that are used in whole or in part for interstate communications to services provided under this tariff only to the extent that the user is an "End User" as defined below:

"End User" means any customer of an interstate or foreign telecommunications service that is not a carrier except that a carrier other than a telephone company shall be deemed to be an "end user" when such carrier uses a telecommunications service for administrative purposes and a person or entity that offers telecommunications services exclusively as a reseller shall be deemed to be an "end user" if all resale transmissions offered by such reseller originate on the premises of such reseller.

SECTION 2 – REGULATIONS (CONTINUED)

2.4 Customer Equipment and Channels - Business Customers

2.4.4 Inspections

- (A) Upon suitable notification to the Business Customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the Business Customer is complying with the requirements set forth in Section 2.4.2(B) for the installation, operation, and maintenance of Customer-provided facilities, equipment, and wiring in the connection of Customer-provided facilities and equipment to Company-owned facilities and equipment.
- (B) If the protective requirements for Customer-provided equipment are not being complied with, the Company may take such action as it deems necessary to protect its facilities, equipment, and personnel. The Company will notify the Business Customer promptly if there is any need for further corrective action. Within ten days of receiving this notice, the Business Customer must take this corrective action and notify the Company of the action taken. If the Customer fails to do this, the Company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities, equipment and personnel from harm.
- (C) If harm to the Company's network, personnel or services is imminent, the Company reserves the right to shut down Customer's service immediately, with no prior notice required.

2.5 Customer Deposits and Advance Payments

2.5.1 Advance Payments

- (A) The Company may require the prepayment of 1 billing period's charges for basic local exchange service as a condition of service. If a Customer's basic local exchange service is subject to usage-sensitive pricing, then the prepayment permitted by this rule shall not be more than the average of charges for similar services purchased in the Customer's exchange during the most recent calendar year for which data are available. In addition, where special construction is involved, the advance payment may also include an amount equal to the estimated non-recurring charges for the special construction and recurring charges (if any) for a period to be set between the Company and the Customer. The advance payment will be credited to the Customer's initial bill. An advance payment may be required in addition to a deposit.

SECTION 2 – REGULATIONS (CONTINUED)

2.5 Customer Deposits and Advance Payments, (Continued)

2.5.2 Deposits

- (A) To safeguard its interests, the Company may require a Customer to make a deposit to be held as a guarantee for the payment of charges. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. The deposit will not exceed \$150.00 per access line.
- (B) A deposit may be required in addition to an advance payment.
- (C) When a service or facility is discontinued, the amount of a deposit, if any, will be Customer's account and any credit balance remaining will be refunded. Before the service or facility is discontinued, the Company may, at its option, return the deposit or credit it to the Customer's account.

2.6 Payment Arrangments

2.6.1 Reserved For Future Use.

2.6.2 Payment for Service

(A) Facilities and Service Charges

The Customer is responsible for the payment of all charges for facilities and services furnished by the Company to the Customer and to all Users authorized by the Customer, regardless of whether those services are used by the Customer itself or are resold to or shared with other persons. Including, but not limited to, nonrecurring incidental charges (such as charges associated with installation, line maintenance, expedites, moves, adds, changes, deletions, and cancellations), equipment purchases, surcharges, regulatory fees, taxes, and other charges required by law. Charges for maintenance and repair shall be billed to the Customer pursuant to the Company's Maintenance and Repair Program. Maintenance and repair, including inside wire maintenance charges are not regulated by the Michigan Public Service Commission.

SECTION 2 – REGULATIONS (CONTINUED)

2.6 Payment Arrangements, (Continued)

2.6.2 Payment for Service, (Continued)

(B) Taxes

The Customer is responsible for payment of any sales, use, gross receipts, excise, access or other local, state and federal taxes, charges or surcharges (however designated) (excluding taxes on Company's net income) imposed on or based upon the provision, sale or use of the Company's services. Any taxes imposed by a local jurisdiction (e.g., county and municipal) will only be recovered from those Customers residing in the affected jurisdictions.

For avoidance of any doubt, for installations associated with a service provided by the Company that includes multiple locations or an installation process that is phased in over a period of time, the Customer shall pay service charges upon the completion of each installation for each specified service associated with each Service Order at each specified location or the conclusion of each phase of the installation process, whichever is earlier.

2.6.3 Billing and Collection of Charges

- (A) The Company shall render a bill during each billing period to every Customer. The billing period shall be monthly.
- (B) Non-recurring charges are due and payable from the customer upon receipt of the invoice, unless otherwise agreed to in advance.
- (C) The Company shall present invoices for recurring charges monthly to the Customer, in advance of the month in which service is provided, and recurring charges shall be due and payable upon receipt of the invoice. When billing is based on customer usage, charges will be billed monthly for the preceding billing periods.
- (D) When service does not begin on the first day of the month, or end on the last day of the month, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 days.
- (E) Billing of the Customer by the Company will begin on the Service Commencement Date/Start Date, which is the first day following the date on which the Company notifies the Customer that the service or facility is available for use, except that the Service Commencement Date /Stat Date may be postponed by mutual agreement of the parties, or if the service or facility does not conform to standards set forth in this tariff or the Service Order. Billing accrues through and includes the day that the service, circuit, arrangement or component is discontinued.

SECTION 2 – REGULATIONS (CONTINUED)

2.6 Payment Arrangements, (Continued)

2.6.3 Billing and Collection of Charges, (Continued)

- (F) If service is disconnected or suspended by the Company in accordance with Section 2.2 and later restored, restoration of service will be subject to all applicable restoration and installation charges.
- (G) The date of rendition of the Company’s bill for basic local exchange service shall be the date of physical mailing of the bill by the Company. If the last calendar day for remittance falls upon a Sunday, legal holiday, or any other day when the offices of the provider regularly used for the receipt of payment of customer bills are not open to the general public, then the final payment date shall be extended through the next business day. The date of payment of remittance by mail is 2 days before receipt of the remittance.
- (H) The Customer should notify the Company of any disputed items on an invoice within thirty (30) days of receipt of the invoice. Billing disputes must be made in writing, with supporting documentation for the amount in dispute, to the Company’s Billing Department via electronic mail to billing@nhcgrp.com. The Customer’s right to dispute a charge shall be waived if the Customer fails to file a written billing dispute within thirty (30) days. If the Customer and the Company are unable to resolve the dispute to their mutual satisfaction, the Customer may file a complaint with the Commission in accordance with the Commission’s rules and procedure. The address of the Commission is as follows:

Michigan Public Service Commission
7109 West Saginaw Highway
Lansing Michigan, 48909

(1) Payment of Amount Not In Dispute

If a customer files a formal complaint or disput with the Company or Commission, then the Company may require the Customer to pay an amount equal to the part of the bill that is not in dispute.

SECTION 2 – REGULATIONS (CONTINUED)

2.6 Payment Arrangements, (Continued)

2.6.3 Billing and Collection of Charges, (Continued)

- (I) If any portion of the payment is not received by the Company within 30 days of receipt of this bill, or if any portion of the payment is received by the Company in funds which are not immediately available upon presentment, then a late payment charge, the lesser of one and one-half percent (1.5%) or the maximum allowed in accordance with state rules and regulations, shall be due to the Company. A late payment charge is not applicable to subsequent rebilling of any amount to which a late payment charge has already been applied. Late payment charges are to be applied without discrimination.

2.6.4 Discontinuance of Service for Cause

The Company may discontinue service for the following reasons provided in this Section. Customers will be provided five (5) days written notice prior to discontinuance unless otherwise indicated.

Upon the Company's discontinuance of service to the Customer, the Company, in addition to all other remedies that may be available to the Company at law or in equity or under any other provision of this tariff, may declare all future monthly and other charges which would have been payable by the Customer during the remainder of the term for which such services would have otherwise been provided to the Customer to be immediately due and payable.

- (A) Upon nonpayment of any amounts owing to the Company, the Company may, by providing the requisite prior 10 days' prior notice in writing and continue billing until sufficient payment has been received to bring the Customer's account to current. If the service is suspended or disconnection due to non-payment, it will not be restored until all charges are paid in full.
- (B) Upon violation of any of the other material terms or conditions for furnishing service the Company may, by giving 30 days' prior notice in writing to the Business Customer, discontinue or suspend service without incurring any liability if such violation continues during that period.
- (C) Upon condemnation of any material portion of the facilities used by the Company to provide service to a Business Customer or if a casualty renders all or any material portion of such facilities inoperable beyond feasible repair, the Company, by notice to the Business Customer, may discontinue or suspend service without incurring any liability.

SECTION 2 – REGULATIONS (CONTINUED)

2.6 Payment Arrangements, (Continued)

2.6.4 Discontinuance of Service for Cause, (Continued)

- (D) Upon the Customer's insolvency, assignment for the benefit of creditors, filing for bankruptcy or reorganization, or failing to discharge an involuntary petition within the time permitted by law, the Company may immediately discontinue or suspend service without incurring any liability.
- (E) Upon any governmental prohibition or required alteration of the services to be provided or any violation of an applicable law or regulation, the Company may immediately discontinue service to Business Customers without incurring any liability.
- (F) In the event of fraudulent use of the Company's network by Business Customers, the Company will discontinue service without notice and/or seek legal recourse to recover all costs involved in enforcement of this provision.
- (G) Without notice in the event of Customer use of equipment or services in such a manner as to adversely affect the Company's service to others.
- (H) Without notice in the event of tampering with the equipment or services furnished by the Company.
- (I) Upon the Company's discontinuance of service to the Customer under Section 2.6.4(A) through 2.6.4(C), the Company, in addition to all other remedies that may be available to the Company at law or in equity or under any other provision of this tariff, may declare all future monthly and other charges that would have been payable by the Customer during the remainder of the term for which such services would have otherwise been provided to the Customer to be immediately due and payable.

SECTION 2 – REGULATIONS (CONTINUED)

2.6 Payment Arrangements, (Continued)

2.6.5 Cancellation of Application for Service

- (A) The Customer agrees to pay an order Cancellation should the Customer or the Company initiate the cancellation of service order associated with a particular Application for Service or Service Order Addendum prior to test and turn up of the service, to compensate the Company for the time, money and resources spent to prepare and procure the Customer's Application or Addendum request.
- (B) Where the Company incurs any expense in connection with special construction, or where special arrangements of facilities or equipment have begun, before the Company receives a cancellation notice, a charge equal to the costs incurred by the Company, less net salvage, applies. In such cases, the charge will be based on such elements as the cost of the equipment, facilities, and material, the cost of installation, engineering, labor, and supervision, general and administrative expense, other disbursements, maintenance, taxes, and any other costs associated with the special construction or arrangements.
- (C) The special charges described in 2.6.5(A) and 2.6.5(B) will be calculated and applied on a case-by-case basis.

2.6.6 Changes in Service Requested

If the Customer makes or requests material changes in circuit engineering, equipment specifications, service parameters, premises locations, or otherwise materially modifies any provision of the application for service, the Customer's installation fee shall be adjusted accordingly.

2.6.7 Notice to Company for Cancellation of Service

Customers desiring to terminate service provided under a month-to-month service options, following expiration of any applicable minimum period, the Customer or the Company can terminate any service under the month-to-month service option with sixty (60) days prior written notice. In the event the Customer terminates or discontinues any service under a term plan with the Company prior to the expiration of the current term, the Customer agrees to pay the Company within ninety (90) days of termination all applicable Early Termination Fees, as referenced in Section 2.1.3(D).

SECTION 2 – REGULATIONS (CONTINUED)

2.7 Allowances for Interruptions in Service

2.7.1 General

- (A) A credit allowance will be given when service is interrupted, except as specified in Section 2.7.2 following. A service is interrupted when it becomes inoperative to the Customer, e.g., the Customer is unable to transmit or receive, because of a failure of a component furnished by the Company under this tariff.
- (B) An interruption period begins when the Customer reports a service, facility or circuit to be inoperative and, if necessary, releases it for testing and repair. An interruption period ends when the service, facility or circuit is operative.
- (C) If the Customer reports a service, facility or circuit to be interrupted but declines to release it for testing and repair, or refuses access to its premises for test and repair by the Company, the service, facility or circuit is considered to be impaired but not interrupted. No credit allowances will be made for a service, facility or circuit considered by the Company to be impaired.
- (D) The Customer shall be responsible for the payment of service charges as set forth herein for visits by the Company's agents or employees to the premises of the Customer when the service difficulty or trouble report results from the use of equipment or facilities provided by any party other than the Company, including but not limited to the Customer.

SECTION 2 - REGULATIONS (CONTINUED)

2.7 Allowances for Interruptions in Service

2.7.2 Limitations on Allowances

No credit allowance will be made for any interruption in service:

- (A) Due to the negligence of or noncompliance with the provisions of this tariff by any person or entity other than the Company, including but not limited to the Customer;
- (B) Due to the failure of power, equipment, systems, connections or services not provided by the Company;
- (C) Due to circumstances or causes beyond the reasonable control of the Company;
- (D) During any period in which the Company is not given full and free access to its facilities and equipment for the purposes of investigating and correcting interruptions;
- (E) A service will not be deemed to be interrupted if a Customer continues to voluntarily make use of the service. If the service is interrupted, the Customer can get a service credit, use another means of communications provided by the Company (pursuant to Section 2.7.3), or utilize another service provider;
- (F) Any period when the Customer has released service to the Company for maintenance purposes or for implementation of a Customer order for a change in service arrangements;
- (G) That occurs or continues due to the Customer's failure to authorize replacement of any element of special construction;
- (H) That was not reported to the Company within thirty (30) days of the date that service was affected; and
- (I) Due to any delay or failure of performance of any service to the extent that such failure or delay is caused by Acts of God, acts of civil or military authority, government regulations, embargoes, epidemics, war, terrorist acts, riots, insurrections, fires, explosions, earthquakes, nuclear conditions, inability to secure products or services of other persons or transportation facilities, or acts or omissions of common carriers or other causes beyond the Company's reasonable control, including, but not limited to, any full or partial failure of any third party communications or computer services.

SECTION 2 - REGULATIONS (CONTINUED)

2.7 Allowances for Interruptions in Service, (Continued)

2.7.3 Use of Another Means of Communications

If the Customer elects to use another means of communications during the period of interruption, the Customer must pay the charges for the alternative service used.

2.8 Restoration of Service

2.8.1 Business Service Restoration

Should a customer fail to keep its account current, the Company has a right to suspend the Customer's service and continue billing until sufficient payment has been received to bring the Customer's account to current. If the service is suspended due to a Customer's non-payment, the Company will not restore service until all charges are paid in full. A minimum \$100.00 restoration fee will be charged by the Company. Should the Customer fail to pay the Company all outstanding amounts due within ten (10) days following suspension, the Company may disconnect service, reclaim all Company owned IP addresses, all public IP addresses assigned by the Company to the Customer, and hardware, and charge all applicable Early Termination Fees, as referenced in Section 2.1.3(D). If service is disconnected but can be restored, the Company will only do so at the Customer's written request after all charges including a minimum \$500.00 restoration charge are paid.

2.9 Use of Customer's Service by Others

2.9.1 Joint Use Arrangements

Joint use arrangements will be permitted for all services provided under this tariff. From each joint use arrangement, one member will be designated as the Customer responsible for the manner in which the joint use of the service will be allocated. The Company will accept orders to start, rearrange, relocate, or discontinue service only from the designated Customer. Without affecting the Customer's ultimate responsibility for payment of all charges for the service, each joint user shall be responsible for the payment of the charges billed to it.

2.10 Reserved for Future Use.

SECTION 2 – REGULATIONS (CONTINUED)

2.11 Transfers and Assignments

The Customer may not assign or transfer its rights or duties in connection with the services and facilities provided by the Company without the written consent of the Company; except pursuant to the sale of the Customer's business, or substantially all of Customer's assets.

2.12 Notices and Communications

- (A) The Customer shall designate on the Service Order an address to which the Company shall mail or deliver all notices and other communications, except that the Customer may also designate a separate address to which the Company's bills for service shall be mailed.
- (B) The Company shall designate on the Service Order an address to which the Customer shall mail or deliver all notices and other communications, except that Company may designate a separate address on each bill for service to which the Customer shall mail payment on that bill.
- (C) All notices or other communications required to be given pursuant to this tariff will be in writing. Notices and other communications of either party, and all bills mailed by the Company, shall be presumed to have been delivered to the other party on the third business day following placement of the notice, communication or bill with the U.S. Mail or a private delivery service, prepaid and properly addressed, or when actually received or refused by the addressee, whichever occurs first.
- (D) The Company or the Customer shall advise the other party of any changes to the addresses designated for notices, other communications or billing, by following the procedures for giving notice set forth herein.

2.13 Reserved For Future Use.

2.14 Customer Access to Information

2.14.1 Access To Rules, Rates, and Procedures

The Company will keep on file, and provide access to, a copy of the rules and a schedule of all rates and service charges. Upon the initiation of services the Customer will be provided copy of the terms and conditions, and rate schedules applicable to the Customer's usage.

SECTION 2 – REGULATIONS (CONTINUED)

2.14 Customer Access to Information, (Continued)

2.14.2 Telephone Directories and Information

The Company will publish, or will arrange by agreement with the incumbent local exchange carrier or other directory provider to publish, on a page preceding the alphabetical listings in its telephone directories, in a prominent manner, and without charge, all of the following information:

- (A) The telephone number and address of the Company where the customer may inquire about telephone service.
- (B) The telephone number and address of the Michigan Public Service Commission where a customer may file a formal complaint regarding a service regulated by the Commission.

SECTION 3 - SERVICE OFFERINGS

3.1 General

The regulations set forth in this section govern the application of rates for services contained in other sections of this tariff.

3.1.1 Application of Business Rates

- A. Service is classified as Business service where the use is primarily or substantially of a business, professional, institutional, or otherwise occupational nature.
- B. Business rates apply at the following locations, among others:
 - 1. In offices, stores and factories, and in quarters occupied by clubs, lodges, fraternal societies, schools, colleges, libraries, hospitals, and other business establishments.
 - 2. In residence locations where the place of residence is in the immediate proximity to a place of business and it is evident that the telephone in the residence is or will be used for business purposes, and in residence locations where an extension is located at a place where business rates would apply.
 - 3. In the residence of a practicing physician, dentist, veterinary, surgeon, or other medical practitioner who has no service at business rates at another location.
 - 4. In any residence location where there is substantial business use of the service and the customer has no service at business rates.

SECTION 3 – SERVICE OFFERINGS (CONTINUED)

3.2 Charges Based on Duration of Use

Where charges for a service are specified based on the duration of use, such as the duration of a telephone call, the following rules apply:

- (A) Calls are measured in durational increments identified for each service. All calls that are fractions of a measurement increment are rounded-up to the next whole unit.
- (B) Timing on completed calls begins when the call is answered by the called party. Answering is determined by hardware answer supervision in all cases where this signaling is provided by the terminating local carrier and any intermediate carrier(s). Timing for operator service person-to-person calls start with completion of the connection to the person called or an acceptable substitute, or to the PBX station called.
- (C) Timing terminates on all calls when the calling party hangs up or the Company's network receives an off-hook signal from the terminating carrier.
- (D) Calls originating in one time period and terminating in another will be billed in proportion to the rates in effect during different segments of the call.
- (E) All times refer to local time.

SECTION 3 - SERVICE OFFERINGS (CONTINUED)

3.3 Rates Based Upon Distance

Where charges for a service are specified based upon distance, the following rules apply:

3.3.1 Distance between two points is measured as airline distance between the Rate Centers of the originating and terminating telephone lines. The Rate Center is a set of geographic coordinates, as referenced in National Exchange Carrier Association, Inc. Tariff FCC No. 4, associated with each NPA-NXX combination (where NPA is the area code and NXX is the first three digits of a seven digit telephone number). Where there is no telephone number associated with an access line on the Company's network (such as a dedicated 800 or WATS access line), the Company will apply the Rate Center of the Customer's main billing telephone number.

3.4 Calculation of Distance

Usage charges are based on the airline distance between the serving wire centers associated with the originating and terminating points of the call. The serving wire centers of a call are determined by area code and exchange numbers. All calls are billed from the End User's serving wire center to the terminating point serving wire center.

The distance between the originating point and that of the destination point is calculated by using the "V" and "H" coordinates as defined by NECA Tariff FCC No. 4, in the following manner:

- Step 1: Obtain the "V" and "H" coordinates for the originating point and the destination point.
- Step 2: Obtain the difference between the "V" coordinates of each of the Rate Centers. Obtain the Difference between the "H" coordinates.
- Step 3: Square the differences obtained in Step 2.
- Step 4: Add the squares of the "V" difference and "H" difference obtained in Step 3.
- Step 5: Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.
- Step 6: Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating serving wire centers.

Formula:

$$\sqrt{\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}}$$

SECTION 3 - SERVICE OFFERINGS (CONTINUED)

3.5 Directory Listings

For each Customer of Company-provided Exchange Access Service(s), the Company shall arrange for the listing of the Customer's main billing telephone number in the directory(ies) published by the incumbent Local Exchange Carrier

3.5.1 Non-Published Service

This optional service provides for suppression of printed and recorded directory listings. A Customer's name and number do not appear in printed directories or Directory Assistance Bureau records.

3.5.2 Non-Listed Service

This optional service provides for suppression of printed directory listings only. Parties may still obtain the Customer's number by calling the Directory Assistance Bureau.

3.6 Types of Services Offered

Section 3.7 of the tariff contains a general description of the services offered by the Company and the rates applicable to each service. New Horizons Communications Corp. provides switched and telephonic-quality voice that enable Users to communicate on a real-time basis between points within local calling areas in the State of Michigan, as well as ancillary services that facilitate the use or expand the capabilities of switched communications services. Services may be performed by resale of services provided by other telephone companies.

The services offered are:

Basic Local Exchange Service, consisting of:

- Standard Business Line Service
- PBX Trunk Service
- Direct Inward Dial (DID) Service
- Calling Features (where available)

- Listing Services (including Non Published and Non Listed Services)
- Directory Assistance
- Miscellaneous Services

SECTION 3 - SERVICE OFFERINGS (CONTINUED)

3.7 Basic Local Exchange Service

Basic Local Exchange Service provides a Customer with a telephonic connection to, and a unique telephone number on, the Company's switching network which enables the Customer to:

- (A) receive calls from other stations on the public switched telephone network;
- (B) access the Company's Local Calling Services and other Services as set forth in this tariff;
- (C) access interexchange calling services of the Company and of other carriers;
- (D) access (at no additional charge) to the Company's operators and business office for service related assistance;
- (E) access toll-free telecommunications services such as 800 NPA; and access toll-free emergency services by dialing 0 or 9-1-1 (where available);
- (F) access relay services for the hearing and/or speech impaired.

Basic Local Exchange Service can also be used to originate calls to other telephone companies' caller-paid information services (*e.g.*, NPA 900, NXX 976, etc.). Calls to those numbers and other numbers used for caller-paid information services will be blocked by the Company's switch at no charge upon customer request. Each Basic Local Exchange Service corresponds to one or more telephonic communications channels that can be used to place or receive one call at a time.

Individual line business service is comprised of exchange access lines defined as follows:

Exchange Access Line – The service central office line equipment and all the Company plant facilities up to the demarcation point. These facilities are Company-provided and maintained and provide access to and from the telecommunications network for message toll service and for local calling appropriate to the tariffed use offering selected by the customer.

SECTION 3 - SERVICE OFFERINGS (CONTINUED)

3.7 Basic Local Exchange Service, (Continued)

3.7.1 Business Local Exchange Service

Essential Package

Business Essential Packages provides a customer with all the features of basic local exchange service set forth above, provided over a single, voice-grade telephonic communications channel which can be used to place or receive one call at a time. See Section 4 for rates.

3.8 Direct Inward Dialing (DID) Service

3.8.1 DID Trunk Service

DID Trunk Service provides a Customer with a single, voice-grade telephonic communications channel which can be used to receive incoming calls one call at a time. DID Trunk Service transmits the dialed digits for all incoming calls allowing the customer's PBX to route incoming calls directly to individual stations corresponding to each individual DID number. DID number charges set forth in Section 4.2 blocks apply in addition to the DID Trunk charges listed below.

Non-recurring and monthly recurring rates per DID Trunk, apply as follows:

	Non-Recurring Per Trunk	Monthly Recurring
All Access Areas	\$500.00	\$35.00

The Customer has no property right to the telephone number or any other call number destination associated with DID service furnished by the Company, and no right to the continuance of service through any particular end office. The Company reserves the right to change such numbers, or the end office designation associated with such numbers, or both, assigned to the Customer, whenever the Company deems it necessary to do so in the conduct of its business.

	Non-Recurring	Monthly Recurring
DID Numbers (charge per number)	\$3.50	\$1.50

SECTION 3 - SERVICE OFFERINGS (CONTINUED)

3.8 Direct Inward Dialing (DID) Service, (Continued)

3.8.2 Direct Inward Dial (DID) Service

DID service is an optional feature which can be purchased in conjunction with Company-provided Basic Trunks or Digital Trunks. DID service transmits the dialed digits for all incoming calls allowing the Customer's PBX to route incoming calls directly to individual stations corresponding to each individual DID number. Charges for DID capability and DID numbers apply in addition to charges specified for Basic Trunks or Digital Trunks.

So the Company may efficiently manage its number resource, the Company, at its sole discretion, reserves the right to limit the quantity of DID numbers a Customer may obtain. Requests for 300 or more DID numbers must be provided to the Company in writing no less than five (5) months prior to activation. In addition, the Company reserves the right to review vacant DID stations or stations not in use to determine their utilization. Should the Company determine, based on its own discretion, that there is inefficient number utilization, the Company may reassign the DID numbers.

SECTION 3 - SERVICE OFFERINGS (CONTINUED)

3.9 Business Advanced Services

3.9.1 ★ ISDN PRI Service with Unlimited Local Calling

ISDN PRI offers an array of value-added features, such as calling number identification and call-by-call selection that enhance productivity. ISDN PRI is configured with 23 64 Kbps bi-directional B (Bearer) channels and one 64 Kbps D (Data) channel. Unique to ISDN PRI is its ability to designate the D channel to handle all of the signaling and call control requirements and leave the remaining 23 B channels free for any mix of circuit-switched voice and data.

Each of these products is offered under a 12, 24 or 36 month term agreement. Rates include unlimited local calling for sent-paid, directly dialed calls. Rates do not include calling card calls, information type calls to Time and Weather, 555, 700, 900, 976 Services, Directory Assistance or any other type of Operator Handled call.

★ ISDN PRI includes the following non-optional Feature Package: Inbound Calling Line ID-Name & Number and Call by Call Selection.

Regional Toll and Long Distance Services must be PIC'd to the Company. These rates are in addition to ISDN PRI and DS1 rates below.

SECTION 3 - SERVICE OFFERINGS (CONTINUED)

3.9 Business Advanced Services, (Continued)

3.9.2 ★ Digital DS-1 PBX Service with Unlimited Local Calling

This service provides a trunk side DS1 electrical interface from the customer's digital PBX system to a ★ digital port on a local Company switch for the origination and termination of calls. Traffic to and from the digital PBX can be received or dialed directly from any PBX station without the need for an attendant.

These digital trunks deliver a high-speed DS1 (T1) connection between your PBX and the Company network. There are up to twenty-four (24) channels on one facility, each of which can be used to place or receive calls. This multi-channel capability dramatically reduces the need for additional PBX circuit cards.

Each of these products is offered under a 12, 24 or 36 month term agreement. Rates include unlimited local calling for sent-paid, directly dialed calls. Rates do not include calling card calls, information type calls to Time and Weather, 555, 700, 900, 976 Services, Directory Assistance or any other type of Operator Handled call.

Regional Toll and Long Distance Services must be PIC'd to the Company. These rates are in addition to ISDN PRI and DS1 rates below.

SECTION 3 - SERVICE OFFERINGS (CONTINUED)

3.9 Business Advanced Services, (Continued)

3.9.3 ★ ISDN PRI Service with Unlimited Local Calling and Bundled Toll/LD Service

ISDN PRI offers an array of value-added features, such as calling number identification and call-by-call selection that enhance productivity. ISDN PRI is configured with 23 64 Kbps bi-directional B (Bearer) channels and one 64 Kbps D (Data) channel. Unique to ISDN PRI is its ability to designate the D channel to handle all of the signaling and call control requirements and leave the remaining 23 B channels free for any mix of circuit-switched voice and data.

This product is offered under a 12, 24 or 36 month term agreement. Rates include unlimited local calling for sent-paid, directly dialed calls. Rates do not include calling card calls, information type calls to Time and Weather, 555, 700, 900, 976 Services, Directory Assistance or any other type of Operator Handled call.

The Unlimited Local Calling and Bundled Toll/LD Service Products are offered with six different increments of Toll/LD Minutes of Use: 5,000, 10,000, 15,000, 30,000, 50,000 and 100,000. Installation charges are included in the monthly recurring charges. Regional Toll and Long Distance Services must be PIC'd to the Company.

★ ISDN PRI with Unlimited Local and Bundled 5,000 Long Distance MOU

This package includes unlimited local and 5,000 long distance minutes of use. Also included is Inbound Calling Line ID-Name & Number & Call-by-Call Selection (ISDN PRI) long distance usage @ 5,000 MOUs (including regional toll). Usage over the selected LD package will be billed at \$0.049 per minute.

★ ISDN PRI with Unlimited Local and Bundled 10,000 Long Distance MOU

This package includes unlimited local and 10,000 long distance minutes of use. Also included is Inbound Calling Line ID-Name & Number & Call-by-Call Selection (ISDN PRI) long distance usage @ 10,000 MOUs (including regional toll). Usage over the selected LD package will be billed at \$0.049 per minute.

SECTION 3 - SERVICE OFFERINGS (CONTINUED)

3.9 Business Advanced Services, (Continued)

3.9.5 ★ ISDN BRI Service

★ ISDN BRI (Basic Rate Interface) uses standard “twisted pair” cables and is nearly three times faster than a 56K dial up line. ★ ISDN PRI (Primary Rate Interface) uses a 1.544 Mbps digital transport facility (T1). Both services provide the superior clarity of digital transmission, a high-speed data interface and sufficient bandwidth capacity to fulfill your current and future communication needs.

ISDN BRI consists of two 64 Kbps B (Bearer) channels and one 16 Kbps D (Data) channel. Each B channel has the ability to integrate voice, data, image and video. The B channels may be kept separate or bonded together to deliver 128 Kbps.

3.9.6 ★ Digital Centrex Service

★ Digital Centrex Service delivers superior performance, PBX-like functionality including abbreviated dialing, and is compatible with many telephone sets. Each user has a unique seven-digit direct telephone number and customized features. The service is affordable, power failure safe and provides a scalable platform for future growth and technology.

NOTES FOR ALL: Availability of services must be verified with the Company based on customer address and NPA-NXX. Rates do not include FCC End User Charge, FCC Port Charge, or other surcharges and taxes. Minimum service period is 12 months. If service is cancelled prior to the end of the contract, a termination charge will be calculated as follows: a. The average of the sum of all line charges on three previous Company invoices to the customer (excluding taxes) multiplied by the number of months remaining in the term agreement.

SECTION 3 - SERVICE OFFERINGS (CONTINUED)

3.10 Directory Assistance Service

The Company furnishes Directory Assistance Service (“DA”) for the purpose of aiding subscribers in obtaining telephone numbers through arrangements with the incumbent local exchange carrier when a party in Michigan requests assistance in obtaining telephone numbers of subscribers who are located within the same numbering plan area as the number the party is calling from.

In order to make allowance for a reasonable need for numbering plan area DA service, including numbers not in the directory, directory inaccessibility and other conditions, no charge applies for the first five (5) calls for telephone numbers of subscribers who are located within the numbering plan area of the calling party per month per station access line. The allowance is cumulative for all group-billed services furnished on the same premises or as part of the same system within an exchange.

Charges for DA are not applicable to inquiries received from public and semipublic telephones, nor from telephone service furnished for the use of handicapped persons.

See Section 4 for rates.

SECTION 3 - SERVICE OFFERINGS (CONTINUED)

3.11 IntraLATA Presubscription

1. General

IntraLATA presubscription is a procedure whereby a subscriber designates to the Company the carrier which the subscriber wishes to be the carrier of choice for intraLATA toll calls. Such calls are automatically directed to the designated carrier, without the need to use carrier access codes or additional dialing to direct the call to the designated carrier. IntraLATA presubscription does not prevent a subscriber who has presubscribed to an intraLATA toll carrier from using carrier access codes or additional dialing to direct calls to an alternative intraLATA toll carrier on a per-call basis.

2. Options

Option A: Subscriber may select the Company as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option B: Subscriber may select his/her interLATA toll carrier as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option C: Subscriber may select a carrier other than the Company or the subscriber's interLATA toll carrier as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option D: Subscriber may select no presubscribed carrier for intraLATA toll calls subject to presubscription which will require the subscriber to dial a carrier access code to route all intraLATA toll calls to the carrier of choice for each call.

SECTION 3 - SERVICE OFFERINGS (CONTINUED)

3.11 IntraLATA Presubscription, (Continued)

3. Regulations

Subscribers of record on the effective date of this tariff will retain their current dialing arrangements until they request that their dialing arrangements be changed.

Subscribers of record or new subscribers may select either Options A, B, C, or D for intraLATA presubscription.

Subscribers may change their selected option and/or their presubscribed intraLATA toll carrier at any time subject to charges specified in Section 4 following.

4. Customer Notices

The Company will notify subscribers of the availability of intraLATA presubscription. The notice will contain a description of intraLATA toll presubscription, how to make an intraLATA toll presubscription carrier selection, and a description of when and what charges apply related to the selection of an intraLATA toll carrier.

3.12 Calling Features

The features listed in Section 3.12.1 are offered by the Company to Business Customers, where available.

3.12.1 Features Descriptions

- (A) Anonymous Call Rejection - Permits the end-user to automatically reject incoming calls when the call originates from a telephone number which has blocked delivery of its calling number (see Calling Number Delivery Blocking). When active, calls from private numbers will be routed to a special announcement then terminated. The feature may be turned on or off by the end-user by dialing the appropriate feature control code. Anonymous Call Rejection is offered as a stand-alone feature or as an add-on to Caller ID Deluxe.

SECTION 3 - SERVICE OFFERINGS (CONTINUED)

3.12 Calling Features, (Continued)

3.12.1 Features Descriptions, (Continued)

- (B) Auto Redial/Repeat Dialing - Permits the end-user to have calls automatically redialed when the first attempt reaches a busy number. The line is checked every 45 seconds for up to 30 minutes and alerts the Customer with a distinctive ringing pattern when the busy number and the Customer's line are free. The Customer can continue to make and receive calls while the feature is activated. The following types of calls cannot be reached using Repeat Dialing:

- Calls to 800 Service numbers
- Calls to 900 Service numbers
- Calls preceded by an interexchange carrier access code
- International Direct Distance Dialed calls
- Calls to Directory Assistance
- Calls to 911

- (C) Automatic Call Back - The feature permits a user, when encountering a busy condition or other condition where the called individual is unavailable, to instruct the system to retain the called number and to establish the call when there is an available line or when the called number is no longer busy.

- (D) Call Block/Selective Call Rejection/Call Screen: Allows the end-user to automatically block incoming calls from up to six end-user pre-selected telephone numbers programmed into the feature's screening list. Callers whose numbers have been blocked will hear a recorded message stating that their call has been blocked. The end-user controls when the feature is active, and can add or remove calling numbers from the feature's screening list. Selective Call Rejection allows the end-user to selectively reject incoming calls from specific telephone numbers, by enabling the end-user to enter unwanted numbers into a rejection list by pressing *60 from a Touchtone phone or 1160 from a Rotary/Pulse phone. Call Screen allows the end-user to redirect calls from up to 12 phone numbers to a recording that tells incoming callers from said numbers that the end-user is not taking calls currently. With Call Screen, the end-user's phone does not ring, and the screened caller is unable to leave a voice message.

SECTION 3 - SERVICE OFFERINGS (CONTINUED)

3.12 Calling Features, (Continued)

3.12.1 Features Descriptions, (Continued)

- (E) Call Forwarding - This feature enables a customer to program their telephone to forward their calls to another telephone number. The Customer assumes financial responsibility for all calling charges generated by the use of this feature.
- (F) Call Forwarding Busy - This feature allows the customer to designate a telephone number to which their calls will be forwarded in the event that their number is already in use. The Customer assumes financial responsibility for all calling charges generated by the use of this feature.
- (G) Call Forwarding Don't Answer or Alt. Answer - This feature allows the customer to designate a telephone number to which their calls are forwarded after a predetermined time with no answer. The Customer assumes financial responsibility for all calling charges generated by the use of this feature.
- (H) Call Forwarding Variable - Call Forwarding Variable is an end-user programmable product that allows the end-user to forward all incoming calls to a different telephone number. Incoming calls may be transferred to any dial-able local, long distance or 800 telephone number that the end-user programs. Call Forwarding Variable will remain in effect until discontinued from the end-user's telephone. Outgoing calls can be made while Call Forwarding Variable is in effect. Incoming calls received while the line is in use will be forwarded. End-users hear one short ring ("ping ring") each time a call forwards.
- (I) Call Return/Auto Recall - This feature redials the number of the most recent incoming call to the Customer's telephone number. This feature is activated when the user dials *69. The number of the most recent incoming call will then be dialed for up to 30 minutes and the user will be signaled with a special ring if the called number becomes available. The user will be charged each time this feature is activated, regardless of whether the called party answers. Calls completed with this feature will be subject to all appropriate local, local toll and/or long distance charges. This feature cannot be activated when the number of the most recent incoming call has call or line blocking or is otherwise unavailable. The following limitations apply to the Call Return function:
 - 1. Call Return will only work for the first party called, not the second when 3-Way Calling is used.
 - 2. Call Return will not work to call a customer who has Call Forwarding Variable, or to call a toll-free, 900 or private number.

-
3. Repeat Dialing cannot be used right after Call Return issued, unless the user dials an outgoing call.

SECTION 3 - SERVICE OFFERINGS (CONTINUED)

3.12 Calling Features, (Continued)

3.12.1 Features Descriptions, (Continued)

- (J) Call Trace (Subscription/Flat Rate/per feature per port) - This feature permits the user to activate an immediate trace of a prank or harassing call by hanging up and dialing *57. When Call Trace is initiated, the Customer's telephone number and the telephone number of the last received calling party number are captured and made available to the Customer's local law enforcement agency. After dialing *57, the Customer receives a recording indicating the trace was successful. The Customer may then call Customer's local law enforcement agency to pursue further action. The Company does not represent that any local law enforcement officials will take action with regard to the traced call. The charge for Call Trace is assessed on a per use basis. The Customer will be charged only for successful traces.

Company's liability, if any, other than for its gross negligence or willful misconduct, with respect to any claim or suit brought by, or other legal remedies available to the Customer for damages associated with the success or failure of Call Trace, shall not exceed the charge that the Customer incurred for Call Trace. Except as provided above, the Customer indemnifies and saves the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the use of Call Trace.

- (K) Call Transfer Disconnect - This feature allows a subscriber to transfer an established call to any other line without requiring the assistance of an operator or attendant. The user is responsible for all usage charges associated with the transferred call for the duration of the call.
- (L) Call Waiting/Cancel Call Waiting - The Call Waiting feature enables a customer already on a call to be notified of another call by the sound of a Call Waiting tone. The customer depresses the switch-hook to answer the new call, placing the original call on hold. The Cancel Call Waiting feature enables a customer to deactivate the Call Waiting feature. There is no additional charge for the Cancel Call Waiting feature.
- (M) Caller ID - This feature permits the display of a caller's telephone number on a Customer Premise Equipment display unit. Calling party information may indicate the directory number of the calling party or that the number of the calling party is private or unavailable.

SECTION 3 - SERVICE OFFERINGS (CONTINUED)

3.12 Calling Features, (Continued)**3.12.1 Features Descriptions, (Continued)**

(N) Call Waiting ID (Must have Caller ID and CNAM) - The feature permits the display of a secondary caller's telephone number on a Customer Premise Equipment display unit during a call. CNAM is an acronym which stands for Caller ID Name. When phone calls are made, there are usually two user-facing identifiable pieces of information: a phone number and a Caller ID Name (usually a 15-character string). CNAM can be used to display the calling party's name alongside the phone number, to help users easily identify a caller. There are numerous CNAM lookup services which allow you to pay a small fee to lookup the CNAM of a specified caller (by phone number).

(O) Caller ID Blocking per line/Calling Number - A calling party may block the passage of his/her telephone number on the Caller ID display unit of the call recipient.

The customer must contact the Telephone Company's business office to order Caller ID Blocking-Per Line. The purchase of Caller ID is not required. All calls are automatically blocked when a customer subscribes to line blocking unless the blocking feature is deactivated.

If a customer subscribes to line blocking, he/she can deactivate blocking by dialing a special code (*82) prior to placing a call. Blocking will be deactivated for that outgoing call only.

Caller ID, Calling Name Delivery/CNAM Delivery - This feature permits the display of a listed name associated with telephone number from which the call is being made. The name and number will be delivered to a customer-provided display device.

(P) Caller ID, Calling Number Delivery - This feature permits the display of a telephone number from which the call is being made. The number will be delivered to a customer-provided display device.

(Q) Caller ID, per Call Block/Calling Number/Name Block - Prevents the delivery, display and announcement of the end-user's Directory Number and Directory Name on all calls dialed from an exchange service equipped with this option. When active, the end-user's telephone name and number will not appear on the called party's Caller ID CPE or be disclosed in another way. The feature is available on a per call or per line basis. With per call Calling Number Delivery Blocking, it is necessary for the end-user to dial an activation code prior to placing the call. With the per line version of the feature, all calls are placed with the end-user's number blocked. Per line end-users must dial an activation code prior to utilization.

SECTION 3 - SERVICE OFFERINGS (CONTINUED)**3.12 Calling Features, (Continued)****3.12.1 Features Descriptions, (Continued)**

- (R) Distinctive Ringing/Multi Ring (first number, second number) - This feature allows an end user to determine the source of an incoming call from a distinctive ring. The end user may have up to two additional numbers assigned to a single line (i.e. Distinctive Ringing – First Number and Distinctive Ringing – Second Number). The designated primary number will receive a normal ringing pattern; other numbers will receive distinctive ringing patterns. The pattern is based on the telephone number that the calling party dials.
- (S) International Blocking Services - International Blocking prevents completion of outgoing 011+ and 101XXXX011+ International Direct-Dialed calls; e.g., 011+852+ (Hong Kong telephone number) will be blocked.
- (T) Message Waiting Indicator - Notice of new message on a Customer Premise Equipment display.
- (U) Repeat Dialing - This feature allows the user to redial the last number dialed. To activate this feature, the user dials *66. The last number dialed will then be redialed for up to 30 minutes and the user will be signaled with a special ring if the called number becomes available. The user will be charged each time this feature is activated regardless of whether the called party answers. Calls completed with this feature will be subject to all appropriate local, local toll and/or long distance charges. The following limitations apply to the Repeat Dial function when used with other features:
 - 1. Repeat Dialing may be denied when used to call numbers with Call Forwarding features.
 - 2. 911, 411, 611, Busy Line Verification calls, Directory Assistance calls, Operator Assisted calls, and Partial dials will be denied when Repeat Dialing is initiated.
 - 3. 800, 900, and 20+ digit calls may be marked invalid.
 - 4. Repeat Dialing will only work for the first part called, not the second when 3-way calling is used.

SECTION 3 - SERVICE OFFERINGS (CONTINUED)

3.12 Calling Features, (Continued)

3.12.1 Features Descriptions, (Continued)

- (V) Selective Call Forwarding - Permits the end-user to automatically forward to another number calls received from up to six end-user pre-selected telephone numbers programmed into the features screening list. The end-user controls when the feature is active, the forward-to-number and can add or remove calling numbers from the feature's screening list.
- (W) Speed Dialing 30- This feature allows the customer to use two-digit speed calling to complete calls. Up to 30 numbers can be stored in memory.
- (X) Three-Way Calling (Subscription/Flat Rate) - Permits the end-user to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference. The end-user initiating the conference controls the call and may disconnect the third party to reestablish the original connection or establish a connection to a different third party. The feature may be used on both outgoing and incoming calls. Also available per feature/per port (usage sensitive).

SECTION 4 - RATES AND CHARGES

4.4.2 Access Line Connection Charge

(A) Per Access line or Trunk (Business)

	SBC Areas (NRC)
Central Office Work Charge	\$150.00
New Line Connection Charge	\$100.00

4.4.3 Restoration of Service Charge (Business)

Should a customer fail to keep its account current, the Company has a right to suspend the Customer's service and continue billing until sufficient payment has been received to bring the Customer's account to current. If the service is suspended due to a Customer's non-payment, the Company will not restore service until all charges are paid in full. A minimum \$100.00 restoration fee will be charged by the Company. Should the Customer fail to pay the Company all outstanding amounts due within ten (10) days following suspension, the Company may disconnect service, reclaim all Company owned IP addresses, all public IP addresses assigned by the Company to the Customer, and hardware, and charge all applicable Early Termination Fees, as referenced in Section 2.1.3(D). If service is disconnected but can be restored, the Company will only do so at the Customer's written request after all charges including a minimum \$500.00 restoration charge are paid.

4.5 Reserved For Future Use.

4.6 Emergency Services

Allows Customers to reach appropriate emergency services including police, fire and medical services. The 911 Service includes lines and central office features necessary to provide the capability to answer, transfer and dispatch public emergency telephone calls originated by persons within the telephone central office areas arranged for 911 calling. If 911 Service is not available in an area, the Company shall make arrangements for the Customer to reach the appropriate emergency services through dialing 0.

4.7 Telecommunications Relay Service

Telecommunications Relay Service enables hearing-impaired or speech-impaired persons who use a text telephone or similar devices to communicate freely with the hearing population for using the text telephone and vice versa. The Company does not impose any charge to end users for access to Telecommunications Relay Service. However, persons using this Service are liable for applicable per call/increment charges.

SECTION 4 - RATES AND CHARGES (CONTINUED)**4.8 Telephone Directory**

For Customers that subscribed to the Company's Basic Local Exchange Service, the Company will provide each Customer annually at no charge one copy of a printed directory listing all telephone Service subscribers, except for unlisted and unpublished numbers, within the Customer's local exchange area. The Company may, at its option, either publish its own directory or provide a copy of one published by the dominant exchange service provider.

4.9 Call Blocking Service

Call Blocking Service is a Service which provides Customers with the capability to block originating calls to the 1-900 calling networks or 976 services. When Call Blocking Service is requested, all originating calls to 900 numbers nationwide will be blocked. Calls to a 976 service will also be blocked. Customers with Call Blocking Service attempting to dial a 900 number from a restricted line will reach a Company-provided or DUC-provided intercept announcement. Call Blocking is provided at no charge.

4.10 Carrier Presubscription**4.10.1 General**

Carrier Presubscription is a procedure whereby a Customer designates to the Company the carrier which the Customer wishes to be the carrier of choice for intraLATA and interLATA toll calls, such calls are automatically directed to the designated carrier, without the need to use carrier access codes or additional dialing to direct the call to the designated carrier. Presubscription does not prevent a Customer who has presubscribed to an IntraLATA or InterLATA toll carrier from using carrier access codes or additional dialing to direct calls to an alternative long distance carrier on a per call basis.

4.10.2 Presubscription Options - Customers may select the same carrier or separate carriers for intraLATA and interLATA long distance. The following options for long distance Presubscription are available:

Option A: Customer select the Company as the presubscribed carrier for IntraLATA and InterLATA toll calls as specified in the Company's MA DTE Tariff No. 1 and is subject to presubscription.

Option B: Customer may select the Company as the presubscribed carrier for IntraLATA calls subject to presubscription and some other carrier as the presubscribed carrier for interLATA toll calls subject to presubscription.

SECTION 4 - RATES AND CHARGES (CONTINUED)

4.10 Carrier Presubscription, (Continued)

4.10.2 Presubscription Options, (Continued)

Option C: Customer may select a carrier other than the Company for intraLATA toll calls subject to presubscription and the Company for interLATA toll calls subject to presubscription.

Option D: Customer may select the carrier other than the Company for both intraLATA and interLATA toll calls subject to presubscription.

Option E: Customer may select two different carriers, neither being the Company for intraLATA and interLATA toll calls. One carrier to be the Customers' primary intraLATA interexchange carrier. The other carrier to be the Customer's primary interLATA interexchange carrier.

Option F: Customer may select a carrier other than the Company for no presubscribed carrier for intraLATA toll calls subject to presubscription which will require the Customer to dial a carrier access code to route all intraLATA toll calls to the carrier of choice for each call.

4.10.3 Rules and Regulations

Customers of record will retain their primary interexchange carrier(s) until they request that their dialing arrangements be changed.

Customers of record or new Customers may select either Options A, B, C, D, E or F for intraLATA Presubscription.

Customers may change their selected Option and/or presubscribed toll carrier at any time subject to charges.

SECTION 4 - RATES AND CHARGES (CONTINUED)

4.10 Carrier Presubscription, (Continued)

4.10.4 Presubscription Procedures

A new Customer will be asked to select intraLATA and interLATA toll carriers at the time the Customer places an order to establish local exchange service with the Company. The Company will process the Customer's order for service. All new Customers initial requests for intraLATA toll service presubscription shall be provided free of charge.

If a new Customer is unable to make selection at the time the new Customer places an order to establish local exchange service, the Company will read a random listing of all available intraLATA and interLATA carriers to aid the Customer in selection. If selection is still not possible, the Company will inform the Customer that he/she will be given 90 calendar days in which to inform the Company of his/her choice for primary toll carrier(s) free of charge. Until the Customer informs the Company of his/her choice of primary toll carrier, the Customer will not have access to long distance services on a presubscribed basis, but rather will be required to dial a carrier access code to route all toll calls to the carrier(s) of choice. Customers who inform the Company of a choice for toll carrier presubscription within the 90-day period will not be assessed a service charge for the initial Customer request.

Customers of record may initiate an intraLATA or interLATA presubscription change at any time, subject to the charges. If a Customer of record inquires of the Company of the carriers available for toll presubscription, the Company will read a random listing of all available intraLATA carriers to aid the Customer in selection.

SECTION 4 - RATES AND CHARGES (CONTINUED)

4.11 Rates By Individual Contract Basis (ICB)

In lieu of the rates otherwise set forth in this tariff, rates and charges, including minimum usage, installation, special construction and recurring charges for the Company's services may be established at negotiated rates on an individual contract basis (ICB), taking into account the nature of the facilities and services, the costs of construction and operation, the volume of traffic, the length of service commitment by the Customer, and use of facilities by other customers. Such arrangements shall be considered Special Pricing Arrangements, the terms of which will be set forth in individual Customer contracts. However, unless otherwise specified, the terms, conditions, obligation and regulation set forth in this tariff shall be incorporated into, and become a part of, said contract, and shall be binding on the Company and the Customer. Specialized rates or charges will be made available to similarly situated customers on a non-discriminatory basis.

In addition to any rate or charge established by the Carrier, the Customer will also be responsible for any recurring or non-recurring charges imposed by local exchange telephone companies incurred by or on behalf of the Customer in establishing and maintaining service. Such charges may be billed by the Carrier or directly by the local exchange company, at the Carrier's option.

Upon completion of any contractual arrangements entered into under this section, the Company will file additional tariff sheets as an amendment to this tariff summarizing the services, rates, terms, conditions, and duration of the contract, and will make the contract itself available to the Commission upon the Commission's request. The Company reserves the right to protection from public disclosure of proprietary information contained in such contracts as allowed under law.

SECTION 4 - RATES AND CHARGES (CONTINUED)

4.12 Promotional Offerings

The Company, from time to time, may make promotional offerings of its services, which may include waiving or reducing the applicable charges for the promoted service.

All promotions will be limited in duration, and will identify a definite, reasonable time period during which the promotion will be in effect. A promotion may also be limited as to the locations where the offerings are made. A promotion may also, if so designated, provide for its conclusion upon the occurrence of a promotion-related event that is reasonably certain to occur, although the timing may not be certain.

All promotions shall be made available to other carriers for resale, and shall be priced, in conjunction with the entire service offering as a whole, above the Company's total service long run incremental cost.

Promotions will be implemented with at least one day's notice prior to the effective date of each promotion.

4.13 Basic Directory Assistance Rates

The rates specified following apply when Customers request company assistance in determining telephone numbers of Customers who are located in the same local service area or who are not located in the same local service area but who are located within the same NPA.

A maximum of two (2) requested telephone numbers are allowed per call.

A. Basic Directory Assistance Rates

Local Directory Assistance (per query)

Direct dialed	\$2.25
Via operator (no allowance)	\$3.25

SECTION 5 - SERVICE AREAS
5.1 Legal Descriptions and Maps

The Company hereby mirrors the Map and Legal Description tariffs of the exchanges, by Incumbent Local Exchange Carrier, listed below to identify its service territory. Any future modifications to these exchange boundaries or legal descriptions of these boundaries will be automatically mirrored by the Company on a going forward basis. If not mirrored, new detailed maps and legal descriptions on an individual exchange basis will be filed with the MPSC for approval.

SECTION 5 - SERVICE AREAS (CONTINUED)

5.2 Local Calling Areas B Traditional SBC Ameritech Michigan Exchanges, (Continued)

5.2.1 Classification of Exchanges by Access Areas

Each exchange zone is classified into one of several Access Areas for the purposes of applying rates for basic local exchange telecommunications service.

The Access Area ("AA") classification is determined by access lines per square mile in each particular exchange. The density (access lines per square miles) for each Access Area is shown below:

<u>Access Area</u>	<u>Access Lines/Square Mile</u>
A	Over 3600
B	650 to 3600
C	Less than 650

Access Areas A, B and C are limited to business local exchange service customers; Access Areas A, B1, B2, C1, C2, C3, C4 and C5 are limited to local exchange service customers.
