NHC Wireless POTS enables continuous communication that helps keep your business secure and protected – no matter what. WPOTS is ideal for:

- Security alarm panels
- Fire alarm panels
- Elevator phones
- Public safety phones
- Building entry phones
- Essential phone lines
- Fax machines
- Point-of-Sale systems

The Wireless POTS Solution

Migrate from vulnerable copper-based phone lines to an intelligent, all-in-one solution that runs on a hassle-free, dedicated wireless network. You'll enjoy the following benefits:

- ✓ **Tremendous value:**
 - Monthly phone bill savings
 - Compliance
 - UL, NFPA, 72, and ASME guidance build specifications
- ✓ **Remote system management:**
 - Automatic software updates & system monitoring
- ✓ **Simple migration:**
 - Quick & easy migration that enables all existing system usage
- ✓ **Increased visibility:**
 - Get SMS & email alerts should power outages or low batteries occur
- ✓ **Battery backup:**
 - Get 8 hours of power during unforeseen outages via our battery backup
- ✓ **Easy installation:**
 - Simple installation by attaching to a wall or placing on any flat surface
- ✓ **Flexible deployment options:**
 - Configured to provide LTE failover for VoIP lines

Solve POTS challenges with an all-inclusive solution from one provider for all hardware, data, and phone service with no monthly rate "surprises."

Ensure you have everything you need to grow your business and thrive.
