Keep your firmware up-to-date to improve performance and add new features to your Poly device.

Update your firmware using your computer with Poly Lens App.

While updating firmware:

• Do not use your Poly device until the update is complete.

• Disconnect your Poly device from paired devices such as phones, tablets, and computers.

• Do not start a second update from a second device.

• Do not stream media.

• Do not answer or place a call.

Selecting Poly P5 from newVoice Desktop

Click on Tools

Then Select Options

Click On Audio Options

Select Poly Studio P5 from drop down menus for Microphone and In-call Audio

Select a source from the drop-down list you wish the notification and ringing to play.

Click on Video Options

Select Poly Studio P5 Webcam from drop down.

Video preview from camera will play.
